Cypress

Front End React Developer (with Node.js knowledge) with 6+ years of commercial experience and 6.5 years of learning experience at a local technological university. I hold a Master's degree in Software Engineering from ZPS University of Ukraine and have an upper intermediate level of proficiency in written and spoken English. I am highly motivated, detail-oriented, and a responsible employee, always interested in building mutually beneficial partnerships. Have any questions or offers? Feel free to contact me on social networks or by email 24/7.
